

SCHOLARSHIPS

RTOERO has a long history of giving back to its communities. The annual provision of grants to districts in support of projects in their communities, and scholarships for post-secondary students are sterling examples.

The Community Grants and Scholarships Committee, formerly known as Project – Service to Others (PSTO), is responsible for reviewing submissions from districts for grants and from students for scholarships and recommending both to the Board for its approval.

As RTOERO believes in the power of our community to secure a better future, we are committed to helping secure better futures for students. Members can recommend students from their family or community for a post-secondary scholarship that leads to careers, including education, which could benefit members and seniors in Canada. Over the years, RTOERO has awarded scholarships totaling over \$500,000.
